

# Manufacturer-Related Product Qualification

for the Fabrication of Products for the Permanent Way

The Manufacturer

**Wirthwein Brandenburg GmbH & Co. KG**  
**Uferstrasse 96**  
**14774 Brandenburg-Kirchmöser**  
**Germany**

is qualified for the fabrication stages used in the manufacture of

**Rigid and elastomeric plastic components**  
**for the permanent way in accordance with**  
**Deutsche Bahn standards 918 280 and 918 235**  
at its premises in  
**Brandenburg-Kirchmöser.**

**Manufacturer's mark used:**

**WIB**

The Qualification is based on:

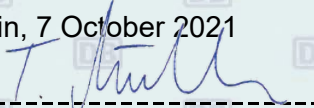

- Application for Manufacturer-Related Product Qualification dated 3 September 2021
- DB's list of products subject to quality inspection – track superstructure materials – of 1 March 2021
- Inspection of the manufacturing and test facilities
- Qualification records for test facilities and staff
- Current edition of the rail-specific technical construction regulations
- Product folders (product-specific work instructions covering all phases from manufacture and inspection to dispatch)
- Drawings including the relevant DB data sheets
- Results of internal production control (*werkseigene Produktionskontrolle*, "WPK")

This product qualification is not valid unless the conditions in inspection report FS.EI.141 dated 15 October 2018 are met.

Qualification valid until: **10 October 2024**
